*Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under chapter 120, Florida Statutes.

Intended Use of System Lockdown Server and Notification System

Background

The School Board of Charlotte County, Florida, is committed to providing a safe and secure learning environment for all students. To ensure the safety of our students and staff, we have implemented a Lockdown Server and Notification System.

The Lockdown Server and Notification System is designed to provide a secure and reliable means of communication between the School Board and the public. The system is intended to be used for the following purposes:

- To provide timely and accurate information regarding school safety incidents.
- To provide a secure and reliable means of communication between the School Board and the public.
- To provide a secure and reliable means of communication between the School Board and the public.

The Lockdown Server and Notification System is a secure and reliable means of communication between the School Board and the public. The system is intended to be used for the following purposes:

- To provide timely and accurate information regarding school safety incidents.
- To provide a secure and reliable means of communication between the School Board and the public.
- To provide a secure and reliable means of communication between the School Board and the public.

The Lockdown Server and Notification System is a secure and reliable means of communication between the School Board and the public. The system is intended to be used for the following purposes:

- To provide timely and accurate information regarding school safety incidents.
- To provide a secure and reliable means of communication between the School Board and the public.
- To provide a secure and reliable means of communication between the School Board and the public.

The Lockdown Server and Notification System is a secure and reliable means of communication between the School Board and the public. The system is intended to be used for the following purposes:
