

# **HONORS BIOLOGY**

## **COURSE OVERVIEW AND EXPECTATIONS**

Welcome to Biology! This course is designed to give students a hands-on, real-life experience into the world around them. Based on the scientific method, this program is designed to target and improve predicting, inferring, separating and controlling variables, comparing and contrasting, problem solving, using numbers and collecting, recording, organizing and interpreting data.

### **CLASSROOM EXPECTATIONS**

1. Come to class prepared.
2. Get your start-up binder and be ready to start as soon as the bell rings.
3. Cell phones need to be stored in the cell phone jail drawers for the entire period.
4. Show respect for yourself, others, and your school at all times.
5. Follow instructions the first time they are given.
6. 20/10 rule – students are not allowed to leave class during the first twenty minutes or last ten minutes of class.
7. Remain in your seat until excused to leave. It is considered a sign of disrespect to line up at the door.
